INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Manna Food Center, Inc. Gaithersburg, Maryland

We have audited the accompanying financial statements of Manna Food Center, Inc., (a nonprofit organization), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Manna Food Center, Inc., as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

1. Description of organization and operations

Organization

Manna Food Center, Inc. ("the Organization") is a non-profit organization that is Montgomery County, Maryland's largest and most far-reaching provider of food assistance. The Organization strives to meet its neighbors' requests for services by serving as both a food bank and a food pantry. For more than three decades, the Organization has been a reliable "thread" in the social safety net for the vulnerable: the elderly, the disabled, individuals and families in crisis that require a supplement of nutritious food.

The Organization's work is built on three pillars that create a unique and comprehensive approach to hunger relief.

Pillar 1: Reduce hunger and improve access to nutritious food for Montgomery County residents who experience food insecurity.

Pillar 2: Strengthen community food skills and knowledge to encourage and enable healthy eating.

Pillar 3: Connect Montgomery County neighbors to service providers and to each other.

The Organization is the main food bank in Montgomery County, and nearly every local county and nonprofit organization relies on the Organization to provide essential food to their clients through their referral system. The vision for the Organization is to be at the center of ending hunger in their community. The Organization's signature programs include:

Food for Families: Distributes roughly 60 pounds of perishable and nonperishable food each month to an average of 3,284 families. Qualifying families must report income below Maryland's self-sufficiency standard. This program is run at 19 sites.

Smart Sacks: Distributes food through a network of almost sixty Montgomery County public elementary schools. The program fills a critical gap by providing food to children and their families on Fridays during the school year in order to ensure they have nutritious food to eat during the weekend. The program reaches about 2,725 children each week during the school year and 240 children weekly during the summer. The food bags are full of nutritious food that is selected by the Organization's registered dietitian. Use of the ingredients provided and sustained healthy eating is encouraged through educational materials included in the Smart Sacks bags throughout the school year.

Community Food Rescue (CFR): Is a first-of-its kind, coordinated food recovery network led by the Organization and building on the former Food for Agencies program. By partnering with a range of hunger relief organizations, volunteers and business, the initiative is making sure that edible food reaches hungry neighbors. CFR builds upon the work of establishments already recovering good food before it is thrown away, and also identifies new donors. State-of-the-art technology makes real-time matches based on geography and transportation options. Trainings and mini-grants are offered in order to build capacity and increase food-rescuing capabilities.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

1. Description of organization and operations (continued)

Nutrition Education: Nutrition educators teach clients about unit price comparison and reading nutrition labels in order to stretch tight budgets when purchasing health food. Manna also hosts workshops, cooking demos, and tours where neighbors gather. The free programs make crucial health information more accessible. In fiscal year 2018, Manna started the Manna Mobile Kitchen and Pop-Up Pantry, known as "Manny". Manny serves two separate functions, as a classroom to teach general nutrition principals through cooking, and as a food distribution vehicle.

Breaking Bread: Breaking Bread is a conversation series to help identify and solidify common values necessary to successfully combat hunger. Breaking Bread creates a space and intentional conversations to nurture dialogue around critical issues, such as race, class, and a culture of dependency, that create or contribute to hunger and food insecurity in our community. The first series of dinners began in 2015 and conversations open to all residents of Montgomery County are held monthly.

Food For All Campaign: Manna created a Capital Campaign/Food For All Campaign focused on bringing food and programs to the high-poverty communities where poor transportation and other barriers make access to food incredibly challenging. Through the Food For All campaign, Manna will reach 10,000 more hungry children, seniors and working poor by 2020. Manna is poised to expand to a second location in East County to include a choice market, nutrition education services, and community meeting space. Manna's goal is to raise \$2 million to \$2.5 million to both create this new East County center and renovate/relocate the current warehouse.

2. Summary of significant accounting polices

Method of accounting

The financial statements have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities.

Basis of presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Cash and cash equivalents

The Organization considers all cash and highly liquid investments with initial maturities of three months or less to be cash equivalents. As of June 30, 2018 and 2017, the Organization held \$198,880 and \$251,640, respectively, in money market accounts.

Certificate of deposit

The Organization invests in a certificate of deposit (CD) that is not a debt instrument. CDs with original maturities of less than one year are classified as short-term. CDs with original maturities greater than one year are classified as long-term. The CD serves as the security deposit on the leased warehouse space.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

2. Summary of significant accounting polices (continued)

Concentration of credit risk

The Organization maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Organization has never experienced any losses related to these balances. The Organization's cash management policies limit its exposure to concentrations of credit risk by allocating their cash balance across multiple financial institutions whose deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Cash in excess of the FDIC-insured limits at June 30, 2018, approximated \$275,000.

Grants, contributions, and pledges receivable

Receivables represent amounts committed by donors and grantors that have not been received as of the date of the statements of financial position. Receivables are stated at their original amount, less an estimate for doubtful receivables based on an annual review of outstanding amounts. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received. At June 30, 2018 and 2017, management expects the amounts in receivables to be fully collected.

Investments

Investments are reflected at their fair value as of the date of the statements of financial position, which may differ from the amount ultimately realized at the time of sale. Realized and unrealized gains and losses are reflected in the statements of activities.

Property and equipment

Property and equipment are stated at cost. Depreciation is provided on the straight-line basis over the estimated useful lives of the assets, ranging from five to ten years. Individual purchases and improvements of \$1,000 or greater, which prolong the useful life of an asset, are capitalized. Upon disposition of a depreciable asset, the cost and related accumulated depreciation are eliminated and the resulting gain or loss is credited or charged to revenue or expense as applicable. Repairs and maintenance is expenses in the year incurred.

Inventory

Inventories of food that have been purchased for food distribution but have not been distributed, are valued at lower of cost or market. Inventories of food contributed by donors are valued at the approximate wholesale value which is determined annually by Feeding America.

For purpose of valuing food donated to and distributed by the Organization during the year, the Organization uses the average wholesale value determined annually by Feeding America, the nation's largest domestic hunger-relief organization, in effect at the beginning of the year. This policy is effective after a change in estimate occurred during the year ended June 30, 2018, after the Organization amended their policy on the value of donated and distributed food. For the year ended June 30, 2018, inventory received and distributed was valued at \$1.67 per pound. For the year ended June 30, 2017, the inventory received and distributed was valued at \$1.72 per pound, which was the best estimate available based on the value used by similar organizations. As of June 30, 2018, the inventory on hand was adjusted to \$1.73 per pound, based on the most recent average wholesale value determined by Feeding America as of Manna Food Center, Inc.'s fiscal year end.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

2. Summary of significant accounting polices (continued)

Revenue recognition

Contributions received are reported as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. Support that is restricted is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other restricted support is reported as an increase in temporarily restricted or permanently restricted net assets, depending on the nature of the restriction. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Revenue from contracts and grants that provide for cost reimbursement is recognized when the related direct and allocated indirect expenses are incurred, deliverables are met, or per-diem services are provided.

Donated food and supplies are recognized when received. Revenue from special events is recognized at the time of the event. The Organization recognizes the fair value of donated services. For a donated service to be recognized, the service must either create or enhance a non-financial asset or require specialized skills. In addition, approximately 58,466 of volunteer hours were provided to the Organization for the years ended June 30, 2018 and 2017, for which no value has been assigned as these services did not require specialized skills.

Income taxes

The Organization is exempt from federal and state income taxes (except taxes on unrelated business income) under Section 501(c)(3) of the Internal Revenue Code and is classified by the Internal Revenue Services as *other than a private foundation*. No provision for income taxes are required for the years ended June 30, 2018 or 2017, since the Organization had no taxable income from unrelated business activities.

The income tax positions taken by the Organization for any years open under the various statutes of limitations are that the Organization continues to be exempt from income taxes and that it has properly reported unrelated business income that is subject to income taxes. The Organization believes there are no tax positions taken or expected to be taken that would significantly increase unrecognized tax liabilities within 12 months of the reporting date. None of the Organization's federal or state income tax returns are currently under examination.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

2. Summary of significant accounting polices (continued)

Functional allocation of expenses

The costs of providing the various programs and other supporting services have been summarized on a functional basis in the statements of activities and statements of functional expenses. Accordingly, certain costs that can be identified with particular programs or support functions are charged directly to that program or function. Salaries and related costs have been allocated among the programs and supporting services based upon management's best estimates of the portion of these costs applicable to each program. Other allocable costs have been allocated to program services and to support services based upon management's best estimates.

Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that are accessible at the measurement date (e. g., equity securities traded on the New York Stock Exchange).
- Level 2: Level 2 inputs are from other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly (e. g., quoted market prices of similar assets or liabilities in active markets, or quoted market prices for identical or similar assets or liabilities in markets that are not active).
- *Level 3*: Level 3 inputs are unobservable (e. g., a company's own data) and are used to measure fair value to the extent that observable inputs are not available.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Reclassifications

Certain reclassifications were made to the June 30, 2017 financial statements to conform to the June 30, 2018 presentation.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

4. Investments and fair value measurement

The following are the major categories of assets measured at fair value on a recurring basis during the years ended June 30, 2018 and 2017, using quoted prices in active markets for identical assets (Level 1).

| | 2018 | 2017 |
|------------------------------|---------------|---------------|
| U.S. equities | \$ 141,027 | \$ 138,751 |
| Cash and cash equivalents | 43,158 | 39,047 |
| Real estate investment trust | 5,797 | - |
| Total investments | \$ 189,982 | \$ 177,798 |

All assets have been valued using a market approach. There were no changes in the valuation techniques during the current year.

Investment revenues are reported net of related investment expenses in the statement of activities.

Investment income consisted of the following for the year ended June 30:

| | 2018 | | 2017 |
|---|------|----------------|----------------------|
| Interest, dividends and other investment income Unrealized gains | \$ | 7,962 8,073 | \$ 7,523 4,249 |
| Total investment income | \$ | 16,035 | \$ 11,772 |

5. Capital campaign pledges

Pledges receivable represent promises to give which have been made by donors, but have not yet been received by the Organization. Pledges which will not be received in the subsequent year have been discounted using an estimated rate of return which could be earned if such contributions had been made in the current year.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

5. Capital campaign pledges (continued)

| 2018 |
|---------------|
| |
| \$ 65,333 |
| |
| 124,667 |
| (8,430) |
| |
| 116,237 |
| |
| \$ 181,570 |
| • |

6. Property and equipment

Property and equipment consisted of the following at June 30:

| | 2018 | | 2017 |
|--|------|---------|---------------|
| Vehicles | \$ | 567,605 | \$ 495,460 |
| Furnitures, fixtures, and equipment | | 191,611 | 231,303 |
| Leasehold improvements | | 153,927 | 151,512 |
| | | | |
| Subtotal of depreciable property and equipment | | 913,143 | 878,275 |
| Less accumulated depreciation and amortization | | 782,993 | 766,429 |
| | | | |
| Subtotal of net depreciable property and equipment | | 130,150 | 111,846 |
| | | - | |
| Vehicles not yet placed in service | | | 74,304 |
| Software not placed in service | | 62,468 | 22,639 |
| | | | |
| Total property and equipment, net | \$ | 192,618 | \$ 208,789 |

Depreciation expense on property and equipment for the years ended June 30, 2018 and 2017 was \$63,049 and \$101,745, respectively.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

7. Commitments

The Organization entered a lease agreement for their headquarters and storage facility with an occupancy date of October 1, 2009, for an initial term of ten years expiring September 2019. The lease can be renewed for two consecutive five-year terms. The lease calls for annual rental increases of 3.0% of the base rent. The lease contains a total of two months of rent abatement. In addition, the Organization is liable for its proportionate share of the operating expenses. During fiscal year 2017, the Organization entered a leasing arrangement for a truck and a copier. The lease arrangement for the truck was entered in March 2017 and is for seven years. The lease arrangement for the copier was entered in November 2016 and is for five years.

For the years ended June 30, 2018 and 2017, rent expense totaled \$202,481 and \$195,760, respectively, and is included in occupancy and equipment rental costs in the statements of functional expenses.

Future minimum lease payments under the operating leases at June 30, 2018, are as follows:

| Years ending June 30, | |
|-----------------------|---------------|
| 2019 | \$ 176,000 |
| 2020 | 35,000 |
| 2021 | 22,000 |
| 2022 | 21,000 |
| 2023 | 20,000 |
| Thereafter | 15,000 |
| | |
| Total | \$ 289,000 |
| | |

8. Retirement Plan

Effective January 1, 2010, the Organization initiated a Savings Incentive Match Plan for Employees of Small Employers (SIMPLE). All employees are eligible for this plan. For the years ended June 30, 2018 and 2017, the Organization contributed 3% of annual compensation for each eligible employee to the plan. Contributions to the plan for the years ended June 30, 2018 and 2017 totaled \$31,840 and \$27,982, respectively.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

9. Temporarily restricted net assets

Temporarily restricted net assets include donor restricted funds and other funds which are only available for program activities.

Temporarily restricted net assets consisted of the following at June 30:

| | 2018 | | | 2017 | |
|---|------|---------|----|--------|--|
| Breaking Bread initiative - endowment | \$ | 10,228 | \$ | 10,786 | |
| Breaking Bread initiative | | 3,587 | | - | |
| Capital campaign | | 272,070 | | - | |
| Community Food Rescue | | 50,000 | | - | |
| | | | | | |
| Total temporarily restricted net assets | \$ | 335,885 | \$ | 10,786 | |

10. Permanently restricted net assets and endowment

Assets are classified as permanently restricted when donors have placed permanent restrictions on the use of the principal of the gift. In the absence of restrictions on the use of the income generated by these assets, the unused investment income and realized and unrealized gains and losses are accumulated in unrestricted net assets. The Organization's endowment consists of The Samuel and Harriet Miller Feed the Hungry Fund. During the year ended June 30, 2015, the charter of the Samuel and Harriet Miller Feed the Hungry Fund was restated in that the initial principal sum of \$5,000 was to be permanently restricted and must be preserved in perpetuity as long as the Organization exists. Annual income generated by the fund will be unrestricted.

The Organization reports its endowment funds and related activity in accordance with GAAP. The endowments of not-for-profit organizations accounting guidance provides guidance on the net assets classification of donor-restricted endowments funds that are subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 ("UPMIFA").

The management of the Organization has interpreted UPMIFA as requiring the preservation of the fair value of original donor-restricted endowment gifts as of the date of the gift absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets the original value of cash gifts donated to permanent endowments. The remaining portion of donor-restricted endowment funds not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

10. Permanently restricted net assets and endowment (continued)

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Organization and donor-restricted endowment funds
- The general economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and appreciation of investments
- The investment policies of the Organization

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to the program supported by its endowment while seeking to maintain purchasing power of the endowment assets. Earnings of the endowments are reflected as temporarily restricted net assets until appropriated for expenditure to support the endowment's stated purpose, or are reflected as unrestricted net assets when permitted by the donor.

The following tables present the changes in the net asset classes of the Organization's endowment funds as of:

| | June 30, 2018 | | | | | | | |
|--|---------------|----------|------------|-----------|-------------|-------|-------|--------|
| | | | Ter | nporarily | Permanently | | | |
| | Unre | stricted | Restricted | | Restricted | | Total | |
| Donor-restricted endowment funds | \$ | - | \$ | 10,228 | \$ | 5,000 | \$ | 15,228 |
| | | | | | | | | |
| Endowment net assets, beginning of year | \$ | - | \$ | 10,786 | \$ | 5,000 | \$ | 15,786 |
| Appropriation of endowment assets | | | | | | | | |
| for expenditure | | - | | (558) | | - | | (558) |
| Endowment net assets | | | | | | | | |
| end of year | \$ | - | \$ | 10,228 | \$ | 5,000 | \$ | 15,228 |

There was no change in temporarily or permanently restricted endowment funds during fiscal year 2017.

11. Subsequent events

On November 16, 2018, the Organization entered into a new lease to obtain office and service space in Silver Spring, MD. The new lease commencement date is the earlier of July 1, 2019 or the date the tenant obtains a certificate of occupancy for the premises. The Organization will lease 8,863 square feet of office space starting at a monthly rent of \$14,557 and escalating 2.5% annually during the seven-year term.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

11. Subsequent events (continued)

Management of the Organization has evaluated events and transactions that occurred after June 30, 2018, through December 10, 2018, the date the financial statements were available to be issued, and has determined that no additional subsequent events have occurred that require recognition or disclosure in the financial statements.
